

soul

an antioxidant-loaded age defier.

2oz of nutrition perfection.

what is soul?

SOUL is a 2-ounce health supplement, designed by science and fueled by nature. We extract oils from super seeds like black cumin, raspberry, and grape chardonnay to create a synergistic, drinkable, concoction that outperforms every other health supplement available.

how does soul help your body?

We've formulated SOUL to be nutrigenomically focused, which ensures better and more efficient genetic turnover. Each packet of SOUL contains a wealth of antioxidants, anti-inflammatories, and immune-boosting nutrients. This profile of benefits works synergistically to help your body feel, perform, and fight at its highest level. You'll feel young, lively, and endlessly energetic.

* Percent Daily Values are based on 2,000 calorie diet.
† Daily value not established.

Other Ingredients: Purified Water, Dried Cane Syrup, Natural Flavors, Xylitol, Citric Acid, Xanthan Gum, L-Lactic Acid.

key ingredients

black cumin seed: One of the most widely-used seeds in the world. Its high antioxidant concentration, vitamin and mineral profile, as well as chemical compounds make it a powerhouse that's both scientifically and historically-backed.

raspberry seed: Known for its robust phytonutrient profile, the raspberry seed has the power to fight oxidation, reduce inflammation, and give the body high doses of vitamin C and D.

grape chardonnay seed: If the fruit is healthy, the seed is even healthier. Each grape chardonnay seed contains enormous amounts of antioxidants, vitamins, and other anti-aging compounds.

d-ribose: This energy source is typically created naturally within the body. But, we've added this compound to our SOUL ingredient deck to provide more cellular energy for better performance, replication, and recovery.
